

Tullyraine Equine Clinic, County Down.

We are looking for an equine veterinary surgeon to come and join our team of equine only vets in Northern Ireland. It is a lovely part of the country with the Mourne Mountains on our doorstep and the cities of Belfast and Dublin just a stones-throw away. You can be assured of a rota (1/4) which will allow you to enjoy both of these, and everything in between.

Our independent practice does first opinion cases as well as referral cases and elective surgeries, so there is plenty to learn and get your teeth into. We are happy to nurture any specific interests and support and pay for CPD and/or studying for a certificate. We would consider recent grads as well as experienced veterinary surgeons.

We have all the equipment needed to allow us to give our clients a top-level service and would love for a new team member to help us do that. You will at all times be supported by our three other experienced vets.

VDS, RCVS, IEVA memberships are paid for as well as a good chunk of CPD. Work car is supplied and accommodation and/or a car for private use can be included in the remuneration package which spans between £32 and £55K, depending on experience. Sponsorship for foreign nationals and help with working visa will also be considered, providing the applicant's degree is recognised by the RCVS.

One of our partners is going to be at BEVA conference so if you are interested in having an informal chat there then send us an email and we will accommodate that (we might even buy you a drink), otherwise you can give us a call for more information or send your CV and cover letter to reception@tullyraine.com by 25/9/2022.
