

EQUINE VETERINARY SERVICES

FULL TIME POSITION, 4.5 DAY WEEK, FLEXIBLE OOH'S, €50K-75K

SES EQUINE VETERINARY SERVICES (KILDARE/WICKLOW) is seeking an enthusiastic equine veterinarian with stud experience and general ambulatory experience to join our team for a full time position.

The practice works with a large number of thoroughbred stud farms as well as doing a substantial amount of artificial breeding work including chilled and frozen AI, embryo transfer, mare preparation of OPU and referral problem mare work-ups. Alongside stud work, we provide all aspects of routine ambulatory equine care and an emergency out-of-hours service to our clients. During the off season we provide care to stud farms, perform sales work and provide a gold standard ambulatory service.

Looking after our staff is very important to us. We want to promote a healthy work life balance for any vet who joins our practice. We will offer an excellent package to include a generous salary €50,000 - €75,000 pro rata (commensurate to experience) and the option of a 4.5 day week. OOH's responsibilities will be flexible and shared. VCI registration will be covered pro rata and a CPD allowance will be provided. Participation in small research projects will be encouraged.

The practice is uniquely located at the edge of the wicklow mountains and the Curragh while being in easy reach of Dublin. Help will be given to find accomodation if needed.

For the right candidate who can sustain and support further growth of the business, a long term position with career development prospects would be considered.

To apply for this position please send your CV with a cover letter to sesveterinary@gmail.com .
